Here are our top 10 routers that are under $200

**ASUS WiFi 6 Router**
- Connectivity Technology: Wi-Fi, Ethernet
- Brand: ASUS
- Frequency Band Class: Dual-Band
- Number of Ports: 4

**TP-Link WiFi 6 AX3000**
- Connectivity Technology: Wi-Fi, USB, Ethernet
- Brand: TP-Link
- Frequency Band Class: Dual-Band
- Number of Ports: 5

**ASUS AC2900**
- Connectivity Technology: Wireless
- Brand: ASUS
- Frequency Band Class: Dual-Band
- Number of Ports: 6

**Linksys WHW0301**
- Connectivity Technology: Wireless
- Brand: Linksys
- Frequency Band Class: Tri-Band
- Number of Ports: 2

**TP-Link AC2300**
- Connectivity Technology: Wired
- Brand: TP-Link
- Number of Ports: 2

**Motorola AC2600**
- Connectivity Technology: USB, Ethernet
- Brand: Motorola
- Frequency Band Class: Dual-Band
- Number of Ports: 3

**TP-Link AC1900**
- Connectivity Technology: Wi-Fi, USB, Ethernet
- Brand: TP-Link
- Frequency Band Class: Dual-Band
- Number of Ports: 5

**Linksys AC1750**
- Connectivity Technology: Wired
- Brand: Linksys
- Frequency Band Class: Dual-Band
- Number of Ports: 4

**Tenda AC2100**
- Connectivity Technology: Wi-Fi, USB, Ethernet
- Brand: Tenda Technology
- Frequency Band Class: Dual-Band
- Number of Ports: 5

**TP-Link WiFi 6 AX1500**
- Connectivity Technology: Wi-Fi, Ethernet
- Brand: TP-Link
- Frequency Band Class: Dual-Band
- Number of Ports: 5
